## REPORT OF KISAN MITRA CELL, 2023

In accordance with the decision made by the meeting resolution on 05.07.2023, the Kisan Mitra Cell committee carried out Soil Sample Collection and a Community-based awareness program on 03.08.2023 and 18.08.2023. The Mouza located under Katwa police station, JL Number 18. Students of Geography, Chemistry and Botany department participated in a one-day field visit to the nearby selected village (Panchghara) along with the teachers and staff to achieve a great success. Students collected 15 soil samples from the spot with the help of Cadastral map & GPS location, then they analyzed soil samples in the laboratory, determined the NPK status, pH level, Organic Carbon and made a report card for selected plots. The result was offered to the farmer for their welfare and enrichment. Farmers also gained knowledge about modern technology and different apps that may be able to determine crop diseases, deficiency of nutrients in plants and related solutions. Our respected teachers emphasized more use of bio-fertilizer, crop rotation among the cultivators and stopping the burning of crop residues, because it creates a fatal problem in soil microbial performance.

## EVIDENCE OF SUCCESS

The entire event was an enormous triumph, exceeding our expectations. The villagers' behavior was courteous, and their enthusiasm was remarkable. They invited our students for similar programs in the future as it brought a fresh perspective to their routine lives, and the students' enthusiasm was evident. It was a distinctive experience for the students to perform outside classroom laboratories and apply their theoretical knowledge to practical life.

### Outreach Programme Report of NCC Cadets on North Eastern Region Trek II

Date-10.01.24 to 17.01.24

3 NCC cadets participated in the North Eastern Region Trek II held at Tanhril, Aizawl, Mizoram, from 10<sup>th</sup> January 2024 to 17<sup>th</sup> January 2024. The trek familiarized the cadets with the socio-economic and geographical conditions of the area particularly the north eastern part of India which is relatively unknown to students from this region. They interacted with the inhabitants of the region and were familiarized with their conditions and problems. This mutual interaction benefited both the cadets and also the inhabitants of the area in which the trekking expedition took place, Aizawl, Mizoram. Through the trek, they learnt through practical experience the truth of the slogan Unity in Diversity and the cultural practices and diversities of various parts of India.

### Outreach Programme Report of NCC Cadets on Army Attachment Camp

Date-12.02.24 to 22.02.24

Seven NCC cadets participated in the Army Attachment Camp held at Panagarh from 12<sup>th</sup> February 2024 to 22<sup>nd</sup> February 2024. The Camp provides training in the discipline and atmosphere of the army units and provides an exposure to the cadets in the way of life of the army. It also brings together NCC cadets from various institutions and regions and thus serves to foster mutual understanding and exposure to various cultures and diversities of the country. It also serves to show through practical experience how the military ethos transcends all such diversities through unity not just at the idealational but also practical and functional level. This fosters national unity, integration and consciousness.

Sir,

We have listened about your School before. But, never got the opportunity to visit the school. Now, the **Department of Chemistry** of our college wants to organize an outreach programme on 21/03/2023 (Tuesday) at your school premises. Both students and staff of the department will attend the programme. They will spend few hours (from 10 am to 4pm) and interact with the children residing there. Personally, I also want to attend the said programme. I strongly believe that this programme will be beneficiary for both the sides.

So, it is my request to you, kindly allow the Chemistry Department to organize the programme on that date.

- To suggest possible treatment method.

The NSS unit & Nature club of the college are playing a Vital role in this purpose. They are regularly organizing various awareness generation programmes throughout the year for achieving this purpose.

### Work Description:

College has segregated waste into 3 parts:-

1. Solid Waste
2. Liquid Waste
3. Hazardous Lab Waste

### Solid Waste Management:

The college has signed a MOU (Memorandum of Agreement) with local municipality i.e., Katwa Municipality on 15/04/2023 for solid management in a proper way.

Solid wastes are mainly of 2 types:-

- I. Non-Biodegradable waste &
- II. Biodegradable waste.

The waste is generated by all sorts of routine activities carried out in the college that includes waste paper, plastics, glass, metals, foods etc.

Non-biodegradable solid waste material are collected from different departments & offices time to time by sweepers of the college & stored in the properly labeled dustbins (Green & Blue) & waste chambers for disposal.

For proper recycling of waste paper, college has a licentiate vender through which waste papers are transferred to Krishna Tissue paper mills Ltd, Burdwan for recycling & disposal in a scientific way.

Some non-biodegradable solid waste are stored in a chamber (made of Concrete) at the backside of the college building & are cleaned by the Katwa Municipality.

Bio-degradable waste such as food materials, leaves, grasses, flowers etc. stored in a separate waste chamber & processed to make bio-fertilizer for cultivating flowers & different types of medicinal & economical plants in the land within the college premises.

E-Waste describes the electrical and electronic waste which are non-repairable and non-usable in future. These are computer monitors, printers, scanners, Key boards, mice, cables, circuit boards, calculators, electric bulbs, tube lights & other materials & electronic components like diodes, transistors, capacitors, wires etc. All the E-waste are collected from the college by the West Bengal Electronics Industry Development Corporation Limited (WBEIDCL), Kolkata, a PSU under the administrative control of the department of Information Technology & Electronics, Govt. of West Bengal authorised for E-Waste management facility in West Bengal for recycling scientifically following the terms & conditions of the agreement.
