Institutional Facilities for Green campus initiatives

1. Restricted entry of automobiles:

Katwa College strictly maintains the restricted entry of automobiles. Four/two wheelers owned by the faculty members have restricted entry in the campus. Such Vehicles are parked in the stipulated parking stand of the college. Bicycles or two wheelers are parked in the college cycle stand which is outside the main campus. College authority maintains no 'Vehicle Day' on every Saturday of each week to control air pollution within the campus.

College cycle stand

2. Use of Bicycles / Battery powered vehicles:

All stakeholders generally prefer bicycles or electric powered scooty as their mode of transport to maintain environment friendly campus.

Bicycles / Battery powered vehicles at cycle stand

3. Pedestrian Friendly Pathways:

College has pedestrian friendly pathways. Students & staffs enjoy comfort walking through the pedestrian friendly pathways within the campus.

Pedestrian Friendly Pathways

4. Ban on single use Plastic:

In view of the Government of India's resolution, to ban all single use plastics due to the hazardous impact of plastic use & pollution, the college administration strictly bans the use of single use plastics in its campus to make it a 'Plastic Free Campus'. Plastic items such as plastic bottles, bags etc., are banned completely in Campus & awareness is created among staffs & students through display boards, notices & awareness campaigns.

Institutional Initiatives for Green Campus

POLICY DOCUMENT ON THE GREEN CAMPUS INITIATIVE

Policy for green campus:

Preamble:

A Green campus is a place where environmental friendly practices & education combine to promote sustainable & eco-friendly practices in the campus. The green campus concept offers an institution to take the opportunity to redefine its environmental culture & developing new paradigms by creating sustainable solutions to environmental, social & economic needs of mankind.

Objectives of the Policy/ Objectives of the Go Green programme:

- *To protect & conserve ecological systems & resources within the campus.
- * To ensure judicious use of environmental resources to meet the needs & aspirations of the present & future generations.
- * To integrate environmental concerns into policies, plans & programmes for social development & outreach activities.
- *To work with all stakeholders & the local community to raise awareness & seek the adoption of environmental good practices & the reduction of any adverse effects on the environment.
- *To continuously improve the efficient use of all resources, including energy & water, & to reduce consumption & the amount of waste produced, recovering & recycling waste where possible.
- *To continuously improve our contribution to climate protection & adaptation to climate change & to the conservation of global resources.
- *To make the campus plastic free.
- * To conduct environmental & energy audits as feasible.

Mobile: +918101078393

॥ विद्यया विन्दतेऽमृतम् ॥

*To minimize the of paper in administration through E-governance policy.

Composition of the Go- Green Committee:

1. Principal of the college – president
2. Convenor: Faculty Representative nominated by the Principal
3. Student Representative – General Secretary of the college
4. Non-Teaching Staff Representative- Office Superintendent
5. Parent Representative-Secretary of the Parent Teacher Association
6. Industry/Alumni Representative –Member of the Alumni Association

Green Campus Initiative Programme:

Go- Green will plan & execute following initiative programmes:

1. Seek views of all the stakeholders to make the Go Green Campus initiative functional throughout the year.
2. Conduct the Campus' environmental impacts to identify the targets for improvements.
3. Establish a Green Campus Environmental Ethics Awareness campaigns.
4. Set forth a Green campus Mission & a Statement of Principles.
5. Link Green – Campus activities to Academics in the Institute.
6. Organize Awareness Programs for the students, faculty & society.
7. Chart out a yearly planner for the institute, local community & stakeholders.
8. Develop a strategic plan & create student teams to carry out specific tasks of the strategic plan. For instance, a plan to save energy at the institute level with time bound plan to install Solar Power Station mandatorily either at the top of Institute building or in open field. This will enable the institute to have 24x7 power supply.

॥ विद्यया विन्दतेऽमृतम् ॥

9. Phase out the CFL & conventional light sources such as bulbs, tube lights, and halogen & mercury campus lights & get them replaced by the LEDs.
10. Conduct an Annual Green, Environment & Energy Audit.
11. Purchase only Energy Efficient Computers viz: "ENERGY STAR" or any other equivalent.

Clean Air Initiatives:

- Restriction on the entry of automobiles inside the campus.
- Prohibition on Smoking & use other tobacco products in compliance with the framework provided by the National Tobacco Control Programme (NTCP) 2007-2008.

Landscaping Initiatives:

- Organizing annual tree plantation drives.
- Encouraging students to hold tree planting events.
- Encouraging students to appreciate the plantation garden & nurture it.

Infrastructural Initiative:

- Waste water management: The Institute will take all necessary measures to implement waste water management.
- Rain water harvesting: The institute will take appropriate measures to implement rain water harvesting.
- Save energy & alternate use of energy: The institute will have to take appropriate steps to adopt alternative sources of energy such as installing rooftop solar power plants & use of LED bulbs throughout the campus & using motion sensors to reduce the consumption of load of electricity.

E- Governance Initiatives:

- Paperless office & Communication: The College has a policy to minimize the use of paper in all types of official/academic communication of the college through e-communication. WhatsApp class-wise groups, Dept. wise groups, Committee wise groups have been formed to reduce the usage of paper in notices & circulars.

Major Green Campus Initiatives:

- .Installation of Solar Power Station.
- .Waste water management.
- .Rain water harvesting.
- .Sensor based energy conservation.
- .Maintenance of water bodies & distribution system in the campus.
- .Make paperless administration.
- .Plastic free campus.
- . Tree Plantation Drive.
- .Landscaping & gardening.
- .Use of LED bulbs.
- .Digital Library/ E- Learning Centre.
- .Organisation of sensitization programmes for the stakeholders.
- .Establishment of Nature/ Environment Club.
- .Green, Environment & Energy Audit conduction.
- .Restricted entry of automobiles.

. No vehicle Day Observed.

Awareness Initiatives:

To undertake environment-centric awareness programmes through lectures, seminars & workshops on-
.importance of conservation of environmental resources.

.environmental pollution & its management.

.ethics & values that relate to the issue of environmental quality & sustainability

.judicious use of equipment.

.aesthetic value of environment.

.importance of biodiversity.

And through annual observances such as-

. World Environment Day (5th June).

.Earth Day (22nd April).

.No "Tobacco" Day (31st May).

.No Single-use Plastic Week/ Day (3rd July).

.Campus Cleaning Day.

. Tree Plantation Drive.

.No Vehicle Day (2nd Thursday of Every Month).

Outcome of the Programme:

- The keynote speaker addressed about the alarming disappearance of rivers across the entire Purba Bardhaman district, attributing it to irresponsible human activities.
- Knowledge about Microplastics.
- Encourage SHG (Self Help Groups) to adopt organic farming.
- Students became mindful about the use of plastics.
- Municipality authority suggested to segregate waste before disposing off.

Notice

We are pleased to announce a "Nature Awareness Camp" is scheduled to take place at Katwa College on **March 20, 2024**, starting at 9:00 AM. The primary agenda of the camp includes cleanliness drive around the campus and surrounding area, advocating for the ban on single-use plastic and declaring our campus as 'single use plastic-free zone'.

We invite all students and faculty members to actively participate in this initiative towards creating a more sustainable and eco-friendlier environment. Let's come together to make a positive impact on our surroundings and pave the way for a greener future. Organised by Katwa college Nature club in association with IQAC, NCC, NSS, Boys & Girlshostel, Department of Geography, Botany, Zoology and Physiology.

Outcome of the Programme:

- Use of single use plastic in hostel and college campus banned w.e.f.21.03.24
- Banners bearing the slogan "Plastic free campus" were placed on various places such as College campus, Boys hostel, Girl's hostel and Staff quarters.
- Active participation of students, teachers and other stake holders in campus cleaning.
- Strict guidance was given to students to not bring water in single use plastic bottles.
- Awareness was created among the public about the adverse effects of single use plastic usage and to encourage them to stop or minimize its use.
- Camp facilitated active participation from various departments, clubs (IQAC, NSS, NCC), and hostel residents fostering a sense of community responsibility towards environmental stewardship.

Notice

Date: - 21.03.2024

Single-use plastic products (SUPs) are used once, or for a short period of time, before being thrown away. These items are things like plastic bags, straws, coffee stirrers, soda and water bottles and most food packaging. Up to 50% of plastics that we use are single-use. The impact of this plastic waste on the environment and our health are global and can be drastic. It is also being found that college campuses are often the source of enormous amount of plastic pollution. So, it is becoming a key responsibility of every staff & students not just to "Say No to Plastic" but also to create awareness among the community as whole to stop this pollution & leave behind a green & pollution free place for our future generation.

With the goal to make our college a plastic free campus, awareness banners will be displayed at different locations of our college. Concerning the fact, all faculties, staff, students are hereby informed that the use of single use plastic in Canteen, hostels and college campus will be **banned from 21.03.2024**.

Followings should be maintained strictly:-

- single use plastic water bottles for in-house meetings, events & in canteen;
- plastic materials used for decorations at the events;
- Plastic carry bag less than 120 microns thickness;
- Plastic cutlery, straw, cup, plates etc.;

All are requested to be a part of the awareness campaign.

Dak Banglow Road, P.O. - P.S. - Katwa,
Dist. - Purba Bardhaman, PIN - 713130

Subject: Celebration of World Environment Day, 2024 and WBPCB's Golden Jubilee Celebration

Sir,

We are immensely proud to announce that, the West Bengal Pollution Control Board is about to complete its journey of fabulous fifty (50) years since 1974 with continuous and sincere efforts towards building its commitment of making our State clean and green. In order to mark this special achievement, we are going to celebrate the West Bengal Pollution Control Board's Golden Jubilee anniversary along with the World Environment Day- 2024 on 10 June, 2024 at the Bhowanilga Convention Centre, Hall-5, Action Area-1, Newtown, Kolkata- 700156.

Throughout this enviable journey, the WBPCB religiously celebrates the World Environment Day every year in a befitting manner. With no exception this year, we will be observing the occasion based on the theme- "Land Restoration, Desertification & Drought Resilience".

In this regard, you are requested to nominate a team of 15 participants (01 teacher and 14 students) for Day-1 (10.06.24) programme. Please confirm the attendance of the team representing your college by 31 May, 2024 as per the prescribed format given below by E-mail to info@wbpcb.gov.in, amit.kurtana@timesgroup.com and basantama.kawai@timesgroup.com.

Sl. No.	Name of the students	Department	E-mail ID	Mobile No.
Name of the Faculty				

The students must report on 10 June, 2024 at 9:00 a.m. sharp at the venue with their ID cards. A conveyance allowance of Rs. 200/- (Rupees two hundred only) along with refreshments will be given to each participant after submission of the bill duly certified by the College authority.

Your kind cooperation is solicited in this regard.

Thanking you,
Sincerely yours,
(Dr. Kalyan Rudra)
Chairman

Ref No: 303/Misc/17 Date: 23.02.2024

To,
The Chairman
West Bengal Pollution Control Board
(Department of Environment, Govt. of west Bengal)

Sub: Installation of Air Quality and Noise Monitoring Sensor in our college premises

Respected Sir,

This college authority will remain ever grateful if you kindly install an above noted station within our college campus. This may be added with a display board. The data, generated in future would be used by our teachers and students for research purposes. I assure that necessary space & electricity will be provided by the college authority. An early action from your end will be appreciated

Thanking You,

Yours faithfully

Orientation Programme on "Observation of World Water Day"

Type of the activity: Orientation/ Awareness programme.

Organizing body: Katwa College IQAC & GO-GREEN Committee.

Date & Time: 22.03.2024 [Time: 11A.M.].

Venue: Room no. 107

Speaker: Prof. Chitrita Mondal.

No. of Participants:

100 Students.

Objectives:

Since 1993, it has been celebrated on March 22 to highlight the importance of freshwater. According to the UN, around 2.2 billion people are living without access to safe water. The day focuses on taking action to tackle the global water crisis.

World Water Day focuses on the crucial connection between water cooperation & global harmony. It highlights attention on the importance of water & how to preserve it. As we know that water is essential for life, without water we cannot survive. Up to 60% of the human adult body is water. All plants & animals need water to survive. If there is no water, there would be no life on earth.

As per NITI Aayog, about 70% of India's surface water resources are polluted, while around 2 lakh habitations face serious health risks.

On World Water Day, let's join hands for sustainable conservation practices & minimise waste in the interest of our present & the future.

Outcome:

Students, teachers & other staff members pledged on 22nd March, 24 that they will participate in water conservation efforts & adopt responsible water usage practices. They also promised on that day they will encourage common public to do the same.

Organizing body: Katwa College IQAC & GO-GREEN Committee.

Date & Time: 22.03.2022 [Time: 11A.M.].

Venue: Room no. 107

Speaker: Prof. Rabiranjana Sen.

No. of Participants:

90 Students.

Objectives:

Since 1993, it has been celebrated on March 22 to highlight the importance of freshwater. According to the UN, around 2.2 billion people are living without access to safe water. The day focuses on taking action to tackle the global water crisis.

World Water Day focuses on the crucial connection between water cooperation & global harmony. It highlights attention on the importance of water & how to preserve it. As we know that water is essential for life, without water we cannot survive. Up to 60% of the human adult body is water. All plants & animals need water to survive. If there is no water, there would be no life on earth.

As per NITI Aayog, about 70% of India's surface water resources are polluted, while around 2 lakh habitations face serious health risks.

On World Water Day, let's join hands for sustainable conservation practices & minimise waste in the interest of our present & the future.

Outcome:

The main outcome of this programme is to create consciousness among every citizen about serious crisis of water specially drinking water crisis in the world. So, it is an obligatory duty of every person to prevent any misuse of drinking water.

Alternate sources of energy & energy conservation measures

Facilities provided in the college:

1. Solar Energy:

Solar energy is being used in most educational institutions to power classrooms, hostels & canteen of educational institutions across the country.

Katwa college authority started its initiatives for installing rooftop 6.7kVA photovoltaic station in the college premises since January 2024. College authority provided 500sq.m rooftop on the Administrative building for the said work. Though, college authority urged the chairman of W.B. Pollution Control Board to set up a rooftop 10 kVA photovoltaic stations through a letter & ultimately, a rooftop solar station has been installed in the college on 25.05.2024.

2. Wheeling to the Grid:

A grid-connected system allows any excess electricity; the college produces to be fed back into the grid.

Wheeling to the grid system has been recently installed for generation of enough electricity using sun-ray to meet the requirement of electricity of the college.

॥ विद्यया विन्दतेऽमृतम् ॥

3. Sensor-based energy conservation:

Lights in the classrooms, staffroom, corridors & toilets may be kept on in day time also. Motion sensors are used in these places to automatically switch on the light when there is any movement & switch off the light when there is no movement. This can reduce the total load of current consumption in the college premises.

Sensors mounted on the wall of class rooms

4. LED bulbs & LED tube lights:

Katwa College is using LED bulbs & tube lights in the office rooms, laboratories & classrooms of the college by replacing normal tube lights CFL bulbs

Management of the various types of degradable & non-degradable waste

Waste management is a herculean task for any educational institution. Katwa College dreams about 'clean campus, Green Campus.'

Waste management policy includes:

- To identify & classify the waste.
- To segregate recyclable & reusable materials.
- To reduce the Waste.
- To strategize collection & transportation of the Waste.
- To suggest possible treatment method.

The NSS unit & Nature club of the college are playing a vital role in this purpose. They are regularly organizing various awareness generation programmes throughout the year for achieving this purpose.

Work Description:

College has segregated waste into 3 parts:-

1. Solid Waste
2. Liquid Waste
3. Hazardous Lab Waste

Solid Waste Management:

The college has signed a MOU (Memorandum of Agreement) with local municipality i.e., Katwa Municipality on 15/04/2023 for solid management in a proper way.

Solid wastes are mainly of 2 types:-

- I. Non-Biodegradable waste &
- II. Biodegradable waste.

॥ विद्यया विन्दतेऽमृतम् ॥

The waste is generated by all sorts of routine activities carried out in the college that includes waste paper, plastics, glass, metals, foods etc.

Non-biodegradable solid waste material are collected from different departments & offices time to time by sweepers of the college & stored in the properly labelled dustbins (Green & Blue) & waste chambers for disposal.

For proper recycling of waste paper, college has a licentiate vender through which waste papers are transferred to Krishna Tissue paper mills Ltd, Burdwan for recycling & disposal in a scientific way.

Some non-biodegradable solid waste are stored in a chamber (made of Concrete) at the backside of the college building & are cleaned by the Katwa Municipality.

Bio-degradable waste such as food materials, leaves, grasses, flowers etc. stored in a separate waste chamber & processed to make bio-fertilizer for cultivating flowers & different types of medicinal & economical plants in the land within the college premises.

Katwa Municipality provided field training on 'Solid Waste Management' to manage properly the solid wastes generated within the college campus to Ten(10) students of 3 units of NSS as a part of the programme under the MOU signed on 15.04.2023 between Katwa College and Katwa Municipality.

Solid waste management through S.R. TRADERS to KRISHNA TISSUE PVT. LTD., Burdwan Katwa road, Narja More

Liquid Waste management:-

Liquid waste mainly generated by the college is of 2 types:-

- I. Sewage Waste &
- II. Laboratory & canteen effluent waste

Waste water of toilet of the campus is disposed through sewage or sanitary chamber & pipelines into the high drain of Katwa municipality. Impure water from roof top tank is purified by installing water purifier in different floors of the college premises. Rain Water harvesting facility is also available in the college campus.

Liquid chemicals used in the various labs of science departments for experiment purposes mainly consist of organic solvents. Waste solvent are stored as mixed solvents and are recycled using distillation technique in the chemistry department.

E-Waste management & Waste recycling:

E-Waste describes the electrical and electronic waste which is non-repairable and non-usable in future. These are computer monitors, printers, scanners, Key boards, mice, cables, circuit boards, calculators, electric bulbs, tube lights & other materials & electronic components like diodes, transistors, capacitors, wires etc. All the E-waste are collected from the college by the West Bengal Electronics Industry Development Corporation Limited (WBEIDCL), Kolkata, a PSU under the administrative control of the department of Information Technology & Electronics, Govt. of West Bengal authorised for E-Waste management facility in West Bengal for recycling scientifically following the terms & conditions of the agreement.

E-waste management with the assistance of WBEIDCL, Kolkata a PSU under GOVT. of W.B.

Biomedical Waste Management:-

Very little amount of biomedical waste from Physiology & Zoology labs are mainly cotton, gauze, gloves, blood, mask etc. which are collected in a marked waste bin. Then it is handed over the dedicated health care workers of Katwa Municipality at a regular basis for scientific waste management.

Hazardous Chemical & Radioactive Waste Management:-

These are disposed into specially made waste chamber of sufficient depth & treated chemically.

Radioactive materials are not used at all.

Water conservation

Facilities available in the college:

1. Rain water harvesting & construction of tank:

There are two main ways of rain water harvesting are:

*Surface run off harvesting:

In urban area, rain water flows away as surface runoff can be used recharging aquifers.

*Rooftop rain water harvesting:

It is a system of catching rain water where it falls. The water stored by this way is used for various purposes such as gardening, irrigation etc.

The Katwa College had started initiatives for rain water harvesting from the month of May in the year of 2023 & constructed rain water harvesting project which is the collection of rain water that runs off from rooftop & this runoff rainwater is recharged into the ground water table & a storage tank with rain water to be used in gardening, irrigation etc. College has set up rain water harvesting (ground water recharge circular shaped trough injection well) with the technical assistance of Public Works Dept. (PWD), Social Sector Purba Bardhaman, W.B. at the cost of Rs. 9,43,167.00.

॥ विद्यया विन्दतेऽमृतम् ॥

2. Bore well / Open well recharge:

Katwa college has proper facilities of bore well for providing clean water in the college campus. There are 7 submersible pumps for supplying fresh & clean drinking water & also for other activities.

3. Waste water recycling:

The college has also made proper arrangement for recycling/ reuse of most of the waste water. Aqua guards placed in the different floors of the college building are purifying impure water stored in the rooftop water tanks & this water is used for drinking, washing, cleaning & watering in the garden.

Waste water recycling through soak pit

4. Maintenance of water distribution system in the college campus.

Water distribution system is disinfected on a regular basis in a scientific manner to provide clean & germ free water throughout the campus.

Maintenance of water distribution system in the college campus

Benefit of the work:

- * Reducing water loss & saving natural water resources.
- * Conserve water, helps in reducing water bill.
- * Decreasing the demand of water.

Water conservation measures:

Katwa College will implement the following measures to conserve water:

A. Maintenance & infrastructure:

- * Regularly inspect & repair plumbing fixtures, pipelines to minimize leaks & wastage.
- * Install water-efficient fixtures, such as low-flow toilets & faucets.
- * Utilize rainwater harvesting systems.

B. Awareness & Education:

- * Conduct awareness campaigns, workshops & seminar to educate all the stakeholders of the college about water conservation practices.
- * Display signage & posters reminding individuals to conserve water in common areas & outdoor spaces of the college campus.
- * Incorporate water conservation topics into the curriculum where applicable.
